

A Test Document for OMNDoc

Author: Phillip Lord

Date: June 4, 2009

Omndoc: all_test.omn

Here is a piece of OWL that should be readable in the documentation and in the OMN output.

Class: FirstIncClass

Here is a piece of OWL that should be readable in the OMN output but is too boring to be worth of consideration for the documentation.

Here is a piece of broken OWL that should be rendered in the documentation (as broken!) but should be ignored in the OMN.

Class: ThirdNOTINCLClass
